## PROJECTS

### Goober Madness

Chicago, IL

*Background Artist, Clean up Animator, Rough Animator*

I volunteer to help complete all background scenes of the film, by doing clean up to a minimum rendering for a majority of the film. I have rechecked with my superior for feedback and fixed any errors to the best of my ability, I have completed all in time due to another person who is in charge of fully rendering the backgrounds. I have improved my time management, and communication.

In the Clean up group, they gave me around 4-5 scenes to clean up. By using toon boom I completed the task, color it and make sure to add the finish backgrounds, and if it matches with the audio if provided. This was done with haste, due to the amount of time the team has available, I give full focus to finish it on time or early.

The rough animation group was in need of more assistance and I animated with interaction of characters and moving objects. I have completed an average of around 3 seconds per scene of around 4 scenes. Mostly clean up, but if I see an error I'll report it to the director of the animation team to determine the situation.
